

NEGOTIATED HOTEL RATES AS OF 10/08/09

SEMA continuously works with the hotels to make sure these rates are the best rates available, so there may be further reductions in the months to come. Please be aware that any and all room rate reductions in the future will be retroactive and applicable to all rooms booked through SEMA's official housing bureau, regardless of when it is reserved. Some rates below are "early-bird" rates that expire soon. Check website for full details.
