

LIGHTING RESTRICTIONS

HALOGEN LAMP RESTRICTIONS

The LVCVA has placed a ban on certain halogen lamps. The use of stem or track-mounted halogen light fixtures are not allowed unless they meet the following requirements:

- Must utilize a self-shielded bulb.
- Bulb wattage must not exceed the listed wattage permitted by the fixture manufacturer.
- Wattage may not exceed 75 watts at any time.

UNAPPROVED HALOGEN BULBS:

APPROVED HALOGEN BULBS – 75 WATTS MAX.:
