Coverking® Gives Jeep Wranglers A Tactical Advantage With Its Tailgate Tactical Storage Panel

Anaheim, CA – Coverking® found a great way to organize the rear cargo area of Jeep Wranglers with its Jeep® Tailgate Tactical Storage Panel. The panel is a M.O.L.L.E military-style design that includes six pouches and is compatible with all M.O.L.L.E system attachments.

The Jeep® Tailgate Tactical Storage Panel attaches to the factory Jeep Wrangler tailgate without cutting, drilling, or any tools necessary. You can easily customize the storage pouches, or add more of your own, to accommodate your gear. Available in black, the Jeep® Tailgate Tactical Storage Panel fits 2007 through 2018 Jeep Wrangler JK and JL models.

More information on all of Coverking's Jeep products are available on the Coverking® website at www.coverking.com/jeep, or visit the Coverking booth #20313 during the SEMA Show in Las Vegas, Nevada.
